

Anton Antiukhov

MANUAL QA ENGINEER

Belarus | +375298141740 | antjuhov@gmail.com | telegram: @Anton_Antjuhov

PROFESSIONAL SUMMARY

QA Engineer with hands-on experience in the iGaming domain. Solid understanding of the software development life cycle (SDLC) and strong skills in requirements analysis to ensure product quality. Skilled in testing client-server web with a focus on functional, regression, cross-browser, and localization testing. Experienced in mobile testing across Android platforms. Proficient in using Postman for REST API testing (collections, variables, environments), and confident in working with Apache Kafka to validate, send, and inspect messages. Detail-oriented in UI/UX testing and capable of developing clear and effective test cases, checklists, and test plans. Adept at reporting and tracking bugs in Jira, and collaborating closely with developers, analysts, and managers. Focused on delivering results, optimizing workflows, and continuously growing as a QA professional.

KEY SKILLS

Testing & Quality Assurance: Manual Testing, Test Case Design, Execution, & Reporting, Functional/Regression/API Testing
